The Social.

When we first had the idea to turn The Social. into an exclusive party venue, it was because we wanted somewhere to party ourselves!

Turns out you guys thought it would be just as awesome as we did to have an exclusive venue of your very own bathed in privacy in the heart of the Suffolk countryside.

We can hold your private event from 5pm any day of the week. Whatever it is you have in mind, we have the location - and the team - to make it something truly unique & memorable.

We like to keep it friendly & casual, we serve great coffee, craft beer & wine, awesome cocktails & stone baked pizzas & all along to a killer soundtrack.

Needless to say, we also make a darn fine Espresso Martini too!

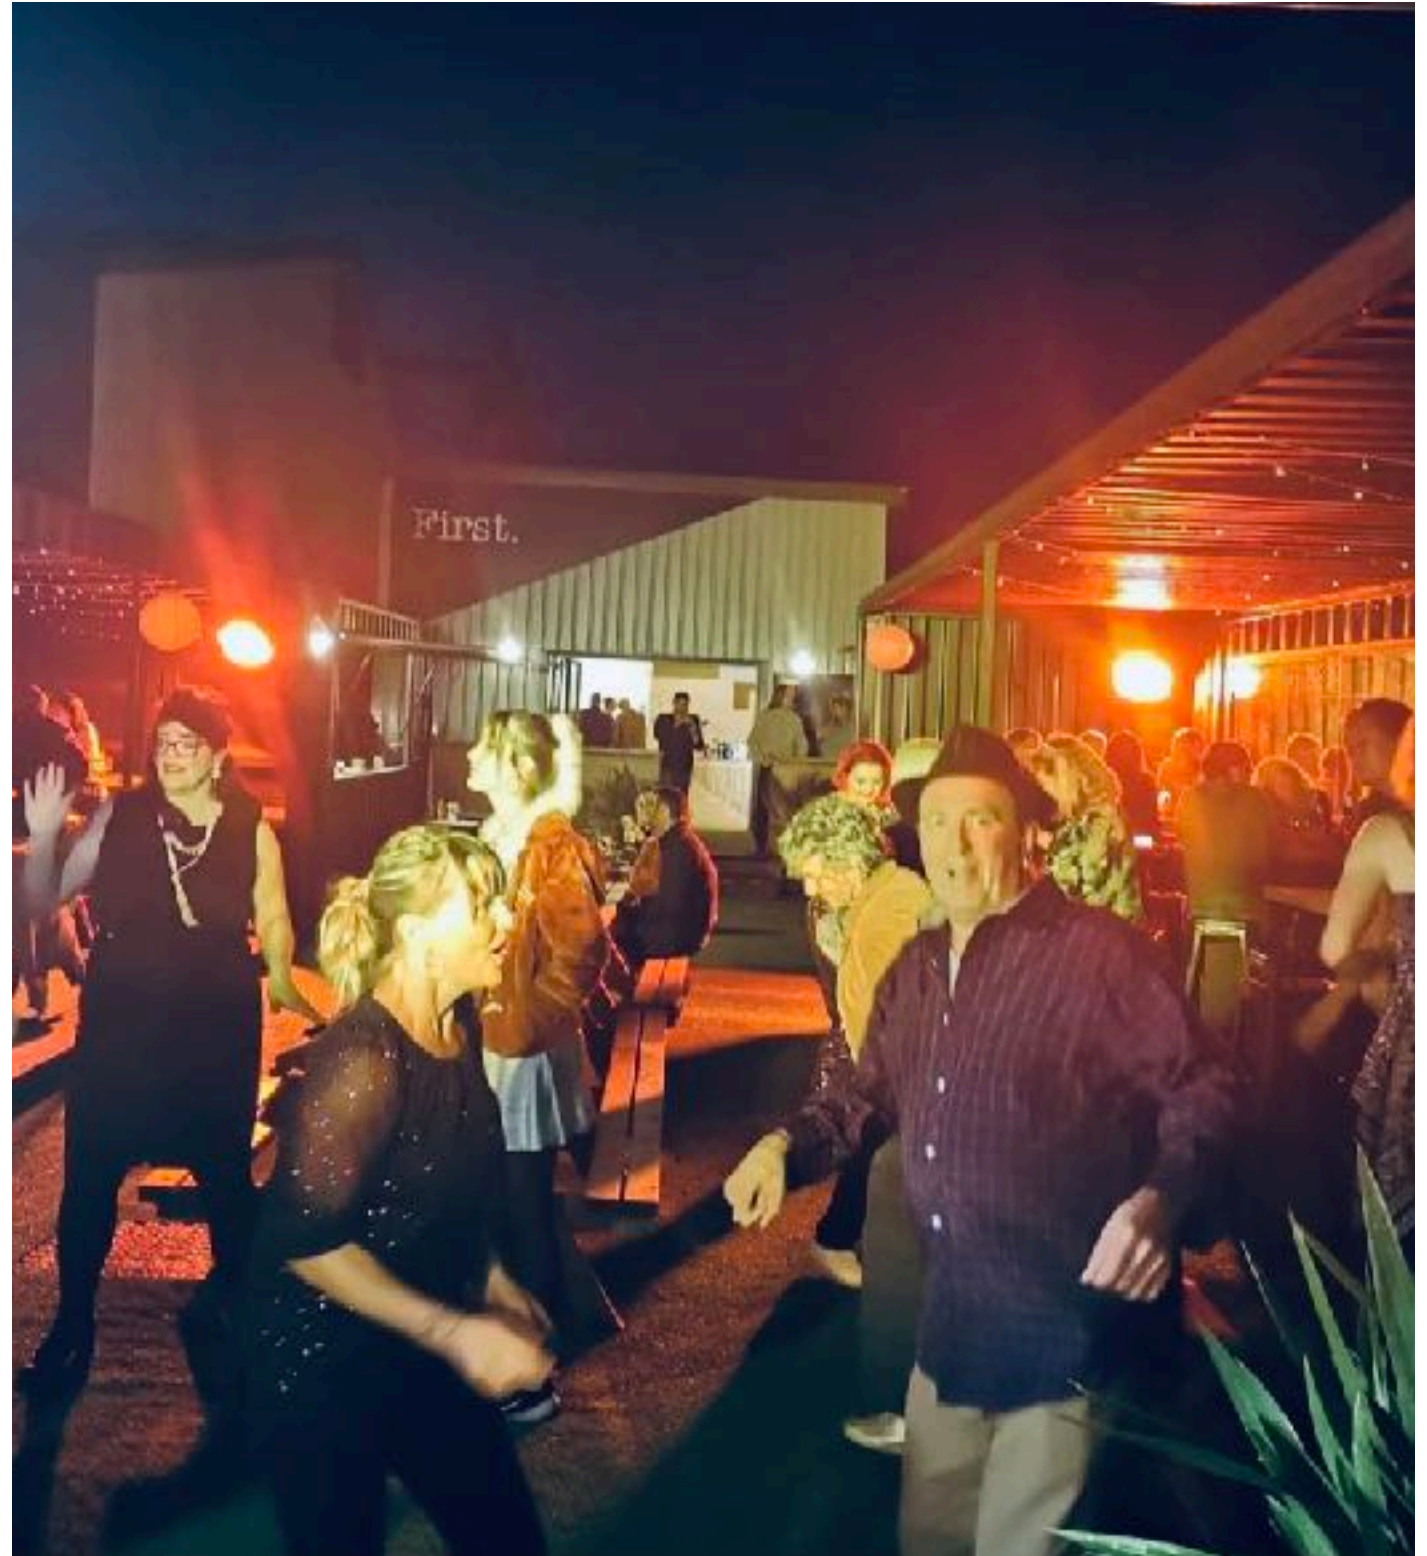

Become part of the casual dining revolution & plan your private event with dinner & drinks at First.
Uniquely set in The Social. container courtyard with heaters & fire pits for maximum toastiness but chilled out vibes.
First. offer dining options of either Neapolitan stone baked pizza or a Gourmet BBQ.
All served alongside craft beer, fine wine & awesome cocktails.
We can provide the soundtrack to your night or you can bring along your own playlist.
We can also arrange the containers to accommodate a DJ with dance area in the middle.
Our venue is licensed until 11pm but can be extended with additional applications.
